

WHY WE USE BOOSTER SEATS.

REASON #235 TO USE BOOSTER SEATS: HER SMILE.

Sometimes, it's as easy to protect your children as it is to love them. When your child outgrows his or her safety seat, use a booster seat until your child is at least eight years old or is over 4-feet 9-inches tall. Seat belts alone are made for adults. A booster seat raises a child up so the seat belt fits, preventing the child from being thrown from the car in a crash. To learn more, go to www.buckleupamerica.org.
